

Dialysis RN

Full-time Term to May 2021

JOB SUMMARY:

Provides advanced nursing care to clients of the Dialysis Unit in accordance with established standards of nursing practice and the philosophy and objectives of the Hay River Health & Social Services Authority to ensure that the clients' physical, emotional, psycho-social, spiritual and educational needs are met.

JOB QUALIFICATIONS:

- The RN, Dialysis must have specialized knowledge in the area of nephrology (the study of diseases and disorders of the kidney) and must be capable of sharing this information to both clients and caregivers.
- Knowledge of and an ability to operate, calibrate and clean the dialysis specific tools and machines required during the dialysis of clients (i.e. including but not limited to the dialysis machines, water purification system, artificial kidneys, pumps, etc.).
- Knowledge of advanced biological, physical and behavioural sciences in order to recognize interpret and prioritize findings and determine and implement a plan of action based on accepted standards of practice.
- An ability to operate and/or use standard medical equipment (such as but not limited to – Central Venous Catheters (CVC) lines, Intravenous Venous pumps and lines, stretchers, Electrocardiogram-machine, thermometers, sphygmomanometers, blood glucose monitors, sharps, etc.).

This level of knowledge is commonly acquired through the successful completion of a Nursing Degree, hemodialysis training from a hospital approved course, and two years of directly related experience in a healthcare setting. Must be registered with the RNANT/NU. Must be able to acquire within a reasonable time frame and remain current with the following mandatory certifications:

- Non-Violent Crisis Intervention
- Blood Glucose Monitoring
- WHMIS
- Internet and e-mail applications
- Fire training and
- BLS Certification
- Hand Hygiene

Desirable training and/or certifications include:

- Nephrology (Canadian Nurses Associations Certification)
- Advanced Cardiac Life Support
